We Gather Together

Stewardship 2023

Worship Together

Meaningful liturgies and vibrant music are the heart of St. Luke's. Each week, hundreds of people gather in our pews and online to worship in this beautiful, sacred space.

Learn Together

We are called to be lifelong learners. The unique and varied perspectives and stories we hear in forums, book studies, Sunday School classes and Bible studies at St. Luke's challenge and expand our own understanding. This is a safe space where all are invited to learn together.

Serve Together

Serving our community in Atlanta and beyond is central to St. Luke's identity. Your commitment to this stewardship campaign directly impacts the work of our Community Ministries.

Save the Date

On Nov. 13, we will host a lunch event featuring music by national recording artist Carrie Newcomer in celebration of St. Luke's *We Gather Together* campaign. Please mark your calendar and join us after the 10 a.m. service that morning!

A Note from Our Rector

Dear St. Luke's,

For more than 150 years, St. Luke's has been a haven in the heart of Atlanta for people to worship, learn, grow and serve. It is where we come to celebrate life's most joyful moments and also where we find the support to face its greatest challenges. It is where *We Gather Together*.

Recent years have highlighted the importance of community and given us new, innovative ways to gather. It is our opportunity now to consider the future of our church home.

We ask for your commitment to St. Luke's 2023 Stewardship Campaign—*We Gather Together*. Your pledge of financial support will fund the ministries and programs we love, while working toward the bold vision we have for St. Luke's future.

The Rev. Winnie Varghese
Rector
